To Whom It May Concern:

I am writing this letter due to my concern about "Proposed Court Rule No. 2003-47." This proposal takes away our right for justice through the courts and juries. It is just another effort by big corporations trying to get out of their responsibilities. I thought the Michigan Supreme Court Justices were to interpret the laws, not make laws. This is a sad day in America if our rights to our courts and juries is taken away. I hope that day never comes.

Thank you.
